Skin Type 1 TEASE (5%)

Fair and ivory skin tone. Red heads and Pale Blonds. Perfect solution for those that find that the 8 % is too dark. Very sun kissed and natural looking.

Skin Type 1-4 SINFUL (8%)

Light and Dark European skin types. Works very well on the lighter skinned Mediterranean, Oriental, or Hispanic heritage clientele.

Skin Type 3+ GREEDY (10%)

Medium and Dark skin tones. Recommended for darker skinned Europeans and those with Mediterranean, Oriental, or Hispanic heritage. Great for clients who are mildly DHA resistive.

Skin Type 4+: GLUTTONY (12%)

Customized for DHA resistive clients and the darkest skin tones. Intense product. Recommended for darker skinned Europeans and those with Mediterranean, Oriental, Hispanic, or African American heritage. Works best on those with a deep base tan or dark natural skin color.

****Try adding a touch of glitter to your client’s next special event tanning session. They will love hearing how radiant they look when their skin shimmers and sizzles with these great colors. A great tan with a little something extra! ****
